Sub: DUPLICATOR -- Rotary - Supply of - to the Office of the District Medical Officer, Bellary in place of the existing cyclostyle machine - Sanction - Requested.

The office of the Dt. Medical Officer, Bellary has been supplied with a cyclostyle machine. The District Medical Officer stated that on account of the abnormal increase in work many of the circulars are required to be communicated to the Medical Officers situated through out the District and that on an average 45 to 60 circulars in a month to be typed and sent. He adds that the circulars taken on the existing cyclostyle machine are clumsey and are not legible besides after taking a few copies the stencil paper gets torn and consequently the work has to be re-done. In order to facilitate the work, for quick disposal and neatness of execution, he requests that a rotary Duplicator may be supplied in the place of the existing cyclostyle machine. The Supdt. of Stationery, Madras states that a Rotary Duplicator is available for supply to the above office. I request that the Govt. will be pleased to authorise the Supdt. of Stationery, Madras to supply a Rotary Duplicator to the Office of the Dt. Medical Officer, Bellary in place of the existing cyclostyle machine.
